

NEUTRA CLEAN™

NEUTRALIZER AND DEGREASER

FEATURES

- Industrial strength
- Water based concentrated formula
- Free of hazardous solvents
- Light citrus scent

NEUTRA CLEAN™ NEUTRALIZER AND DEGREASER is a water base, water viscosity, sodium metasilicate cleaner. This interior/exterior concrete degreaser is low VOC, free of hazardous solvents and very user friendly to apply. Neutra Clean is formulated to remove grease, grime, soil, wall plaster and other construction related residue. It cleans prepared concrete surfaces for staining, sealing and re-coating with Kemiko products. The concentrated formula dilutes with water.

NEUTRA CLEAN™ is also the recommended neutralizer to be used during the application process for Stone Tone Stain. It will stop the chemical reaction between Stone Tone Acid Stain and a concrete/cementitious surface.
